From the Vice Chancellor's Desk

Warm wishes to you all.

The University continues its march towards excellence. The CUAP community has once again proved that a whole-hearted, concentrated and uncompromising effort to advance its state of condition is bound to succeed. We take pride in announcing that we launched ILMS (Integrated Library Management System) portal on our campus. It is made accessible to all the students and faculty of the University. It is one of the vital steps to overcome hurdles caused by Covid-19. An online Skill Development Training Programme in collaboration with APSSDC was initiated to enhance the employability skills of the students. As we are committed to implementing all Covid regulations, we took immediate steps to switch to online classes and examinations

once we noticed a rise in Covid-19 cases. We ensured that the examinations were conducted according to guidelines laid down by the University and we are also proud that we were able to publish results in less than a month. I am happy that the University has successfully completed its third academic year and the first batch of undergraduate and the second batch of postgraduate students can now move on to pastures new. My hearty congratulations and best wishes to them.

In the last edition of *Reviso*, I shared my happiness about the success of some of our students in NET/SLET. According to the latest UGC guidelines, NET/SLET Score is one of the eligibility criteria for a teaching position at a centre of higher education. Possessing a UGC NET qualification certificate entails far more than you would imagine. Having a Master's degree with a UGC NET certificate demonstrates your competence and increases your chances of being hired. Companies that are PSUs frequently hire UGC NET qualified people for a variety of roles in areas such as research and development, human resources, finance, and so on.

To summarise, there are several options available to you after passing the UGC NET. This exam allows you to broaden your employment opportunities in a variety of sectors. I am glad that our university syllabus is designed to enable the students to get through this National Level Exam. The faculty emphasise the concepts and testing modes whenever there is a possibility and create awareness in the students. We are even planning for free coaching sessions for the aspirants in our university.

I take this opportunity to thank every member of the University community for their active participation in the various academic activities and administrative reforms that the University has taken up. Let us rededicate ourselves to the cause of higher education.

Prof. S.A. Kori

The University celebrated the 130th birth anniversary of Dr B.R. Ambedkar on 14 April 2021. Hon'ble Vice Chancellor Prof. S. A. Kori initiated the programme by paying floral tributes to Dr Babasaheb Ambedkar. In his address he remarked that Ambedkar championed the cause of social, political and economic equality. Prof. Kori further stated that Dr Ambedkar strongly believed that inequities, such as the caste system, are harmful to democracy and included this principle in a number of

Constitutional provisions. Prof. VVN Rajendra Prasad spoke on Dr B.R. Ambedkar as an outstanding economist, politician, social reformer, lawyer and diplomat, who gave a proper shape to the world's longest written constitution. Dr P. Vijaya Kumar described Ambedkar as an inspiration to many generations. Ms O. Pranathi, coordinated the programme. Faculty, students and non-teaching staff participated in the event and paid tributes to Dr B.R. Ambedkar.

Vice Chancellor Speaks on COVID-19 Prevention

Hon'ble Vice Chancellor Prof. S.A. Kori addressed the University students, faculty, and staff in a virtual meet about the prevailing COVID-19 situation on 24 April 2021. Prof. Kori emphasised that wearing a mask, maintaining physical distance and regularly sanitizing oneself are the three weapons to fight against Corona Virus and appealed to everyone to follow these precautionary measures to safeguard themselves, their family and the society. Prof. Kori also highlighted the preventive measures taken by the University administration to keep the campus Corona free. He also advised everyone to get vaccinated at the earliest.

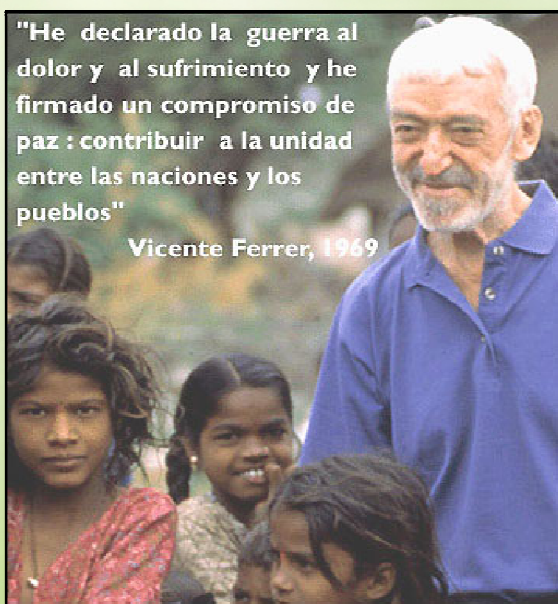

Vice Chancellor meets Mr Mancho Ferrer

Honourable Vice Chancellor S. A. Kori called on Mr. Mancho Ferrer in the RDT office, Ananthapuramu. He was accompanied by Prof. G Anjaneya swamy, Prof. S Hanuman Kennedy and Shri A. Shashi Bhushan. Prof. Kori appreciated the selfless service rendered by the Rural Development Trust (RDT), for the welfare of the

socially and economically underprivileged sections of society. He expressed his happiness about the various activities of the RDT covering varied areas such as quality education, health care, housing, women empowerment, and helping the differently abled persons. He also complimented the Trust for the importance and the encouragement it gives to sports and games. Dean in-Charge Prof. G. Anjaneya Swamy mentioned how the organization strives to enhance the lives of the rural poor, and also women, children and differently abled persons. Prof. Kennedy acknowledged RDT's efforts in undertaking comprehensive development programmes that encompass all aspects of social life. Mr Mancho Ferrar and Vice Chancellor Prof. S. A. Kori explored the possibilities of CUAP and RDT collaborating of education and other relevant fields. Mr Mancho assured the VC that RDT would provide all necessary assistance in areas of mutual interest.

"He declarado la guerra al dolor y al sufrimiento y he firmado un compromiso de paz : contribuir a la unidad entre las naciones y los pueblos"

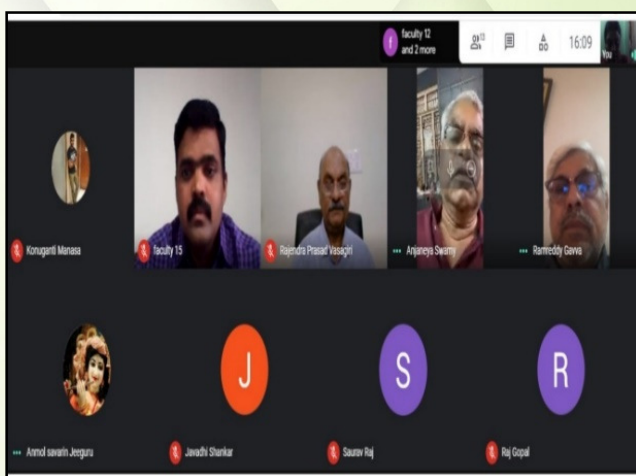

Vicente Ferrer, 1969

"I have declared war on pain and suffering and have signed a peace pledge: to contribute to unity among nations and peoples."

विश्व तंबाकू निषेध दिवस

तो चलो, बंद करो , धूम्रपान का धुआं उड़ान
ये शौक है, बीमारियों का ठिकाना।
क्यों काश लगा रहे हो, धुआं उड़ा रहे हो
अपने आप अपनी , क्यों मौत बुला रहे हो।
तुम खुद ही, खुद का गला दबा रहे हो
अनमोल ज़िन्दगी है,
क्यों ज़िंदगी को रुलाकर
अपनी मौत बुला रहे हो।

ये शौक ही पिलाई जा रही हैं
यूँ कश-प-कश लगाई जा रही है
ये कौन चल बसा है अंदर तेरे
किसकी चिता जलाई जा रही हैं

किसी किराने की दुकान से,
तम्बाकू के पाउच ले आते।
बाली उमर और ये गुटखा,
कैसे-कैसे रोग बुलाते।
तड़प-तड़पकर निश्छल नन्हे,
हाय मौत को गले लगाते।
ढेरो जहर भरे गुटखों में,
टीबी का आगाज कराते।
और अस्थमा के कंधे चढ़,
मरघट तक का सफर कराते।
मर्ज कैंसर हो जाने पर,
लाखों रुपए रोज बहाते
कितनी भी हो रही चिकित्सा,
फिर भी प्राण नहीं बच पाते।
सरकारी हो-हल्ले में भी,
तम्बाकू को जहर बताते।
पता नहीं क्यों अब भी बच्चे,
गुटखा खाते नहीं अघाते।
वैसे बिलकुल सीधी-सच्ची,
बात तुम्हें अच्छी बतलाते।
चलो आज प्रण लेकर
ज़िंदगी का अगला अध्याय अपनाते।
धन्यवाद ।

recently envisioned the Andhra Pradesh Higher Education Planning Board (APHEPB) with all the vice chancellors / directors of state universities and central institutions in the state.

The AP Central University, Jawaharlal Nehru Technological University and Sri Krishnadevaraya University have been grouped into the cluster group for Anantapur region. This is to ascertain and catch up with the trends in higher education nationally and globally and initiate poli-

cy measures for APHEPB to plug the gaps and offer qualitative support to the universities and higher educational institutions.

"The APHEPB envisages promotion of inter-institutional research projects and attempts to build and strengthen inter-institutional relations particularly between state and central universities. It also envisages sharing of best practices in the higher education system and facilitating industry-academia interface to bridge the gap between industry expectations

and the skills imparted by institutions," JNTUA vice chancellor Prof G. Ranga Janardhana said.

"Emphasis is given in organizing capacity building programmes for faculty members and administrative leaders. The aim is for inculcating a culture of togetherness and developing an ecosystem of harmonious relationships between the institutions by sharing the facilities, faculty exchange, credits transfer, competitions in co-curricular and extracurricular activities," the team of vice chancellors Prof SA Kori of AP Central University, Prof Ramakrishna Reddy of SK University and Prof Ranga JAnardhan of JNTUA observed.

Lepakshi – A visual treat

Reviso

VOL I Issue 4

Lepakshi, a small village tucked away in remote part of Ananthapuramu District, Andhra Pradesh, is situated approximately 120 kms North of Bangalore. The historic city is connected with the Ramayana of Valmiki. According to the Ramayana, Rama met dying Jatayu (The bird that tried to save Sita from demon Ravana's clutches) and uttered the words of "Le pakshi" which means "Rise, bird" in Telugu. Hence the name Lepakshi.

Lepakshi is archaeologically significant for its shrines and sculptures. Built during the times of the Vijayanagar Empire (1336-1646), Lepakshi is famous for its spell-binding Hanging Pillar, the spectacular Nandi (Bull), India's biggest monolithic sculpture in rock (27' in length and 15' in height), mammoth Ganesha and massive Naga (Serpent) with coils and hoods. One also cannot miss the finest mural paintings of that period. The frescoes, still retaining their original beauty, show an impressive attention to detail with contrasting colours.
