ABOUT THE UNIVERSITY

Central University of Andhra Pradesh holds a special place in the Indian University System. It was born out of a promise made by Government of India to fulfill the aspirations of people of Andhra Pradesh on the eve of bifurcation of the erstwhile composite state of Andhra Pradesh into Telangana and Andhra Pradesh. The University is established in 2018 in the district head quarter town of Anantapuramu in the Rayalaseema region of Andhra Pradesh. The Region has immense historical significance as it forms the part of the Vijayanagara Empire ruled by majestic king Sri Krishnadevaraya, among others. The folklore of the region is richly filled with the stories of Sri Krishnadevaraya's people centric rule and several welfare measures. That apart the region is also known for its mineral deposits and salubrious climate of the Deccan Plateau. The region also is known for sericulture and horticulture crops. As a feather in the cap the global auto major KIA started its operations in a green field project, just 60 KMs away from Ananthapuramu city. Further Ananthapuramu is also a prominent educational hub with higher educational institutes such as Sri Krishnadevaraya university, Jawaharlal Nehru Technological University, Sri Sathya Sai Institute of Higher Learning, Government Medical College and a century old Government Arts College, apart from a host of engineering colleges.

Establishment of Central University of Andhra Pradesh heralds a new era in the sphere of higher education. With innovative academic programs which are socially and culturally relevant, the university is,

poised for rapid growth in the years to come. Transforming students into knowledgeable and responsible citizens of the nation through value based education with an emphasis on interactive learning coupled with hands on experience is the hallmark of this new university. Accordingly, the university envisages to offer demand driven multi disciplinary courses focusing on experiential learning through several short and long term vocational courses in active collaboration with the industry.

ABOUT THE DEPARTMENT

The Department of English, established in 2018, is one of the university's founding departments. It allows learning-centric programme allowing the student to explore diverse and emerging fields such as Gender and LGBTQ+ Studies, Film Studies, Graphic Narratives, and Pragmatics. The department has also set up a language laboratory to enhance the student's communication skills. With a team comprising both experienced and young faculty, the department provides mentorship in academic, curricular, co-curricular and extra-curricular activities.

The launch of the BA (Honours) and PhD programmes in the academic year 2024-2025 further exemplifies the department's commitment to student-centric education. Both the Bachelor's and the Master's curricula follow the NEP 2020 guidelines, including a course on the Indian Knowledge System.

About the Webinar

The webinar in Humanities seeks to empower educators and researchers to adapt to the evolving academic landscape. By inculcating dialogue, sharing best practices, and developing tangible skills, the program aims to invigorate humanities education and research, making it relevant for contemporary challenges and opportunities. The primary goal of this is to webinar empower faculty members with knowledge and practical skills to integrate AI tools and technologies into their literature classrooms and research practices. The programme aims to equip faculty members with advanced pedagogical tools, interdisciplinary research approaches, and updated insights in teaching literature in the contemporary age of AI to enhance academic excellence.

Artificial Intelligence (AI) is revolutionising education, reshaping how we teach, learn, and engage with literature. From AI-driven text analysis to creative writing and digital storytelling, the integration of AI into the humanities offers immense possibilities. However, it also raises questions about creativity, ethics, and the role of human agency in teaching and interpreting literature. This webinar will serve as a platform to rethink traditional methods of teaching literature and embrace AI as a transformative tool. It will inspire educators to innovate, collaborate, and adapt to the evolving landscape of humanities education while preserving the humanistic values at its core.
